CA firms and growing professional teams

- Built for regular invoice-processing workflows
- The step from manual work to automation

Business

₹14,999 /month

BEST FOR

Medium businesses and larger CA firms

- For larger teams and higher volumes
- Higher operational requirements covered

Enterprise

₹25,000+ /month

₹25,000–₹50,000+ range

BEST FOR

Large firms and companies with advanced requirements

- Customised workflows and integrations
- Dedicated support and scale

Why ₹7,999/month is the main plan

The Professional plan is designed to be the sweet spot for CA firms: powerful enough for regular invoice-processing workflows, while remaining accessible for firms that are moving from manual work to automation.

Scale when you need more. Move to Business for larger teams and higher operational requirements, or Enterprise for customised workflows, integrations, support and scale.
